FEB 2 2004

SUBJECT: Class H Manufacturer Certification, Hybrid Microcircuits, MIL-PRF-38534, FSC 5962

Mr. Arthur France
Quality Manager
Solitron Devices, Inc.
3301 Electronics Way
West Palm Beach, FL 33407

RECEIVED
FEB - 6 2004
Solitron Devices Inc
Corporate

Dear Mr. France:

Your hybrid facility at 3301 Electronics Way, West Palm Beach, FL, was sample audited the week of July 22-24, 2004 for compliance with the requirements of MIL-PRF-38534 Class H.

An acceptable level of confidence has been established that compliance with these requirements exists. Therefore, Solitron Devices's Class H certification (certificate enclosed) is continued effective January 24, 2004.

This certification is for the following:

- a. Quality Management Plan: H1028, Revision L.
- b. Conversion of Customer Requirements: H1033, Revision G
- c. Controlled documentation baseline for processing MIL-PRF-38534 devices: H1029, Revision M.

This certification is valid until terminated by written notification from the qualifying activity. The normal period of certification is two years from the date of the audit and, if warranted, may be withdrawn by DSCC at any time.

Your facility may be re-audited on a drop-in basis at any time.

All qualification, conformance, and periodic inspection must be performed at a facility that has a DSCC-VQ letter of Laboratory Suitability for the applicable test method and condition.

If you have any questions, please contact Mr. Deslich at (614) 692-0593.

Sincerely,

ROBERT P. EVANS
